

### What is the Family RV Association (FRVA)?

Established in 1963, the FRVA/FMCA RV Club is the world's largest member-owned non-profit RV group. Owners of all types of RV's are invited to join the FRVA family. The mission of FRVA is to bring together RV owners who share similar interests in fun-loving travel, recreation, and social activities. To learn more about the benefits and become a member of FRVA, go to FRVA's website at [www.FRVA.com](http://www.FRVA.com) for more information.

**What is an FRVA Chapter?** A Chapter within FRVA is a group of RV enthusiasts who not only have a zest for travel, but who share common interests - likes and activities. Some Chapters cover a geographic region, others revolve around RV brands /models, sports, music, dining, campfires and outings. Chapters have gatherings known as rallies, which are held at the local, regional, and national level. Chapter members gather at rallies to discuss community issues, share their stories, resolve technical issues, social activities, meet new friends and **HAVE Fun!**

## DIXIE TRAVELIERS

Hands at work

Occasionally repairs need to be done when you are on the road and the members of Dixie Traveliers are always ready and eager to assist when needed. At nearly all our rallies you will see folks gathered around someone's rig with some working and some supervising the repairs as to be able to get their rig going again. None of us are professionals but many are willing to help.
