POTENTIAL CHANGES IN SEMINARS:

The Conventions Committee is presenting our membership the opportunity to share our knowledge and experience. The Committee is making an effort to recruit FRVA members to design, and present, seminars that specifically target RVers needs, i.e., problems, solutions, improvements, hacks, boondocking, solo travel, lessons learned, etc. Our FRVA membership represents all classes and sizes of RVs so we are recruiting a broad spectrum of seminar possibilities. Our intent is to provide more seminar programming by and for RVers. This represents a move away from seminars provided by vendors only.

As a member of the Conventions Committee, I will be your conduit. If you have a topic you would like to present send me your ideas, or a proposal if you have one. Encourage your RV members to recruit and recommend!
