

Steven Raileanu

Candidate for Eastern Area of FRVA, Central Region Vice President

Professional Over my business career, I worked in small to large “mom and pop” operations, ran Radio Shack stores, and ended my business career as the controller for what was then, a ten million dollar a year plumbing supply company. I then moved full time to a high school teacher where for 28 years I taught architecture, engineering and added personal finance to my teaching load.

Volunteer I have held the vice president and president positions in little league baseball organizations. I have volunteered as an EMT for my local rescue squad and served as Captain for three years.

RV Like many of us, I did tent camping as a child. Later, I did some van camping, then moved to a pull behind trailer. For a while we had a Class A motorhome when we joined FMCA in March 2016. We have attended two conventions in Perry GA and two in Gillette WY. Our first convention, though, was in Indianapolis in August 2012 where we won a Fantasy Tours Canadian tour for the following year that ended in Gillette. That trip lead to us working with Fantasy Tours for the following three years. That was fun, but a lot of work. We parted company when we downsized to our current pickup and pull-behind travel trailer.

Personal I have been married for 25 years to Jeanette Raileanu and we have one son, Jeff, a daughter-in-law Corley, and two grandchildren, Clark and Sophie.
